EXPERIENCE

Software Developer
Flying Fox Labs Pvt Ltd 🌐

📅 05/2022 - 08/2023
📍Hyderabad

Projects:

- ProManager's quick cam
- ZkPoker Game Development
- ExperienceHub.Ai

Description & Responsibilities:

- Spearheaded Gift Cards integration in ProManager's QuickCam, ensuring design alignment and user engagement. Developed and managed using React.js and Tamagui, fostering functionality. Collaborated cross-functionally for timely delivery. Translated designs into functional web apps with HTML/CSS and React JS
- Contributed to ZkPoker's development in an Agile environment, owning feature development from design to inception. Utilized React and React Native for UI development, crafting the game's interface with libraries like Tamagui and in-house React.js components.
- Developed an in-house project enabling users to access various AI models, including text-to-text and text-image generation, via a unified platform. Primarily focused on UI development and implemented an API using OpenAI to create a chatbot-like text-to-text generation model screen.

Technologies Used: React.js, Typescript, Zustand, Next.Js, ReactNative
